Today is Sunday and I'm at my grandma's house

I can see three hens

a cockerel

and a

dog

in the yard. There is also a big

tree

in the garden and a swing

on it. I like it very much. When I swing, my grandma and her

cat

are on the bench

. Later, I

usually play hoop

or take the dog

for a walk.

In the evening we watch television

or read a

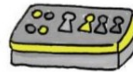

book

. We sometimes play cards

or a board game

After that we go to bed

I love

my days at grandma's house.
