Taking care of your body

- 1 Eat food from all the food groups, especially fruits and vegetables. Food gives vitamins to your body.
- 2 About 60% of your body is made of water and you lose a lot of it, so you need to drink 5 to 7 glasses of water every day.
- 3 Take a bath or a shower. Wash your body from your head to your toes; don't forget about your face. Wash your hair regularly. A clean body makes you feel good about yourself.
- 4 Brush them after meals. If you take care of your teeth, you can have them for your whole life. And remember, you don't have to brush all your teeth, just the ones you want to keep. 😊
- 5 Wash them with soap before meals and after going to the toilet. Cover your mouth and nose with your hands when you sneeze or cough.
- 6 Play games, jump, run, go swimming and hiking, ride your bike and take long walks. Exercise will keep your heart healthy and your bones strong. You feel better and happier after exercising.
- 7 You need 9 to 11 hours of sleep a night. When you sleep, your body is growing and your brain rests so you can do all the schoolwork during the day.

- 6 Exercise every day
